Inserting source code

```c
#include <stdio.h>
#include <iostream>
// A comment
int main(void)
{
printf("Hello World\n");
return 0;
}
```

Inserting source code without setting typewriter

```c
#include<stdio.h>
#include<iostream>
// A comment
int main(void)
{
printf("Hello World\n");
return 0;
}
```
